

Dear Supporter,

Thank you for continuing to be an ally of the Black Mamas Matter Alliance! We are pleased to announce the third annual national Black Maternal Health Week (#BMHW20), to be held April 11–17, 2020. Founded by the Black Mamas Matter Alliance and intentionally coinciding with National Minority Health Month and the International Day for Maternal Health and Rights, this week serves as an opportunity to raise awareness, inspire activism, and strengthen organizing for Black maternal health.

We invite your support to help make this year’s campaign a huge success!

Through Black Maternal Health Week 2020 activities, we will:

- Deepen the national conversation about Black maternal health in the US;
- Amplify community-driven policy, research, activism, and care solutions;
- Center the voices of Black Mamas, women, families, and stakeholders; and
- Provide a national platform for Black-led entities and efforts on maternal health, birth and reproductive justice.

As a result of our efforts, we hope people across the nation and beyond will not only be better informed about the state of Black Maternal Health in the U.S. but will also be inspired to begin to create change in their own communities.

Black Maternal Health Week is growing, and we want you to be a part of the movement. In 2019, conversations online through our digital activities including tweet chats, webinars, and other events made an estimated 8.8 million impressions. Additionally, over 12,000 individuals participated in in-person community events across the nation. Your financial support can help us deepen our impact while providing your organization the opportunity to further engage with BMMA’s broad and ever-growing community of advocates, service-providers, researchers, and Black Mamas all fighting to advance Black maternal health.

Join us in our mission to advance Black maternal health, rights, and justice by becoming a sponsor of Black Maternal Health Week 2020. Your sponsorship will help fund coordination, communications and outreach activities, and BMMA-sponsored events, in-person and online, throughout the week and will drive conversation around maternal health in the lead up to Mother’s Day 2020. With your investment, you will be recognized as a sponsor of the week on our website. Additional incentives per sponsorship level are detailed below.
